# Foreword

A good place to put inspirational quotes is up your ass.

# Preface

This book is the result of tens of thousands of hours spent browsing the internet for over a decade. Really.

I started saving the best quotes I stumbled upon for sharing them with friends and colleagues, and after a few years, realized that maybe this was actually going somewhere.

Maybe this collection was growing bigger than me.  
Maybe this collection was growing bigger than life.  
Maybe even bigger than your mom.

well, probably not bigger than your mom.

This book is entirely free so that anyone can enjoy it.

If it somehow makes you laugh, think,  
or if it helps you getting your dick sucked,  
share it.

# Chapter 1

## Sex

There are a lot of quiet little grandmas with vivid memories of being young and beautiful and fucking lots of dudes.

The longer you stay single, the more they fuck your future wife.

My wife has a tattoo of a shell on the inside of her legs, and if you put your ear against it, you can smell the sea.

Gay sex is literally twice as manly as straight sex.

You know those Sex Houses, the little wooden houses with the hole for your dick that people hang in trees?  
Apparently those are for birds.

The rule for men should be: don't say anything to a woman on the street that you wouldn't want a man saying to you in prison.

woke my girlfriend with oral sex this morning.  
She said "phtop it".

My doctor wrote me a prescription for daillysex,  
but my girlfriend insists it says dyslexia.

Viagra shipments stolen. Police are looking for a gang of hardened criminals.

# Chapter 11

## Behavior

Don't you hate when you offer help and the other person says yes?

Give someone a mask and they'll show their true face.

Surely not EVERYBODY was kung fu fighting.

It's a great time to be alive if you're dumb as fuck.

My neighbor knocked on my door this morning at 3am!  
Can you believe that?  
Luckily for him I was still up playing drums.

The human body is 70% water so we're basically just cucumbers with anxiety.

I don't measure a thing when I cook...  
I just sprinkle & add stuff until I hear the spirit of my ancestors whisper "that's enough child".

Have you ever been too nice and ended up in a situation you could have avoided if you had just been an asshole?

Am I a good person? No.  
But do I try to be better every day? Also no.

The phone screen is the lamp, and we're all moths.

when you start to Excel, people start to spreadsheet.

Sometimes I agree with people just so they stop talking.

If I owned a taser I'd probably get curious and taser myself,  
that's why I don't have a taser.

In alcohol's defense, I've done some pretty dumb shit while  
completely sober too.

Sometimes, even the devil on my shoulder asks  
"wtf are you doing?!"

Dear Optimist and Pessimist. While you were busy arguing  
about the glass, I drank it.  
Sincerely, the Opportunist.

I am neither an early bird nor a night owl, more some form of  
permanently exhausted pigeon.

I just watched my dog chase its tail for 5 minutes and I thought "dogs are easily entertained".  
Then I realized I was just watching my dog chase its tail for 5 minutes.

I saw a guy at starbucks today. No iphone, no tablet, no laptop. He just sat there. Drinking coffee. Like a psychopath.

# Chapter III

## Health

Never do anything you wouldn't want to explain to the paramedics.

when you are dead, you don't even know that you are dead.  
It's only pain for others.  
Same thing when you're stupid.

I've been so stressed recently I've been doing that Chinese  
thing with the needles, you know...  
Heroin.

At any moment you could suddenly wake up from a coma,  
with the last thing you remember being this moment.

Guys with an eyepatch and 3 fingers sell the best fireworks.

Some drugs should be legalized,  
but cocaine is where I draw a line.

"Don't worry, the spider is smaller than you"  
Yeah yeah, so is a grenade.

Sleeping is fucking amazing, it's like getting a free trial of being  
dead every night.

Homeopathic pills. Side effects: none. Effects: none.

I don't vaccinate my kids and the one who lived turned out  
fine

Drinking can cause memory loss...  
or even worse, memory loss.

# Chapter IV

## Trash

Having a baby is just keeping cum as a pet.

what do 9 out of 10 people enjoy?  
Gang rape.

How do you call two transgender midgets having sex?  
Micro trans-action.

I bet sucking your own dick feels more like sucking a dick than  
getting your dick sucked.

Glass coffins: will they be popular?  
Remains to be seen...

No matter what your political views, I think we can all agree that it feels good to get your genitals licked.

Some babies were dropped on their heads but you were clearly thrown at a wall.

Imagine if cum was white instead of red.

Crowded elevators smell different to midgets.

If you hold a person underwater long enough,  
they stop being an asshole.

Congratulations Amy Winehouse, 9 years sober.

on average, the human has less than two legs.

Don't let an extra chromosome get you down.

My sense of humor is so dark it picks cotton.

The more suicidal, the less suicidal.

Alien vs Predator

"Mom, am I ugly?"  
"I told you not to call me mom in front of people"

You can't spell "advertisements" without "semen"  
between the "tits".

How many black men does it take to start a riot?  
-1.

I poop everyday at 8am. Then I slowly wake up.

More sad news from the music industry:  
Justin Bieber found alive in his apartment earlier today.

I wonder if Michael Jackson looks like he did in Thriller yet.

# Chapter V

## Politics

Does Canada even have a president or is it just whichever moose has the strongest antlers.

Politicians and diapers have one thing in common:  
They should both be changed regularly,  
and for the same reason.

"we're going to build a ladder"  
Mexican President

9/11 jokes are just plane wrong

Did you know that the blue on the German flag stands for  
humor?

what's the National Bird of Pakistan?  
The American Drone.

Cannibalism seems like the best candidate to solve both  
hunger and overpopulation.

Puns about communism aren't funny unless everyone gets  
them.

until the lion learns how to write,  
every story will glorify the hunter.

If someone tried to assassinate the US president,  
would the security shout "Donald, duck!" ?

The system isn't broken, it was built this way.

Nationalism: taking pride in things you haven't done,  
and hating people you've never met.

Make America great Britain again.

Taxes are a subscription fee to your country that you can't  
cancel, even if you don't like the service.

we used to laugh at comedians and listen to politicians,  
now we laugh at politicians and listen to comedians.

I asked my North Korean friend how it was there,  
he said he couldn't complain.

The best argument against democracy is a 5 minute  
conversation with the average voter.

There is freedom of speech,  
but we cannot guarantee freedom after speech.

# Chapter VI

## Life

If an old dude ever gives you advice while peeling an apple with a pocket knife and eating pieces right off the blade, you should probably take it.

If I do a job in 30 minutes, it's because I spent 10 years learning how to do that in 30 minutes.  
The price is for the years, not for the minutes.

Be brave enough to suck at something new.

Life is soup, I'm a fork.

Don't cling to a mistake just because you spent a lot of time  
making it.

Memories don't exist so you remember the past.  
They exist so you don't repeat mistakes in the future.

Turns out that my "I refuse to learn a new skill unless I'm immediately good at it" tactic is sabotaging my entire life.

You only have 30 seconds of life left,  
but every time you breathe, you reset the clock.

Mondays are fine. It's your life that sucks.

when was the last time you did something for the first time?

Do you ever wonder how many houses you passed in your lifetime that have people locked in the basement?

"It wasn't worth it"  
103 years old vegetarian

A "lethal dose" is also a "lifetime supply".

If 95% of people suffer from diarrhea in their lifetime,  
does it mean 5% of us enjoy it?

Some days you meet someone and you immediately know you want to spend the rest of your life without them.

If only one person in the world was immortal, the average life expectancy would be infinite.

Just because you're alive doesn't mean you're living.

one day or day one.  
You decide.

I don't have trust issues,  
I just think most people are full of shit.

A Galapagos tortoise can live up to 200 years and  
not enjoy a minute of it.

I plan to be spontaneous tomorrow.

I'm gonna stay a virgin for life so I can set a good example  
for my kids.

Time flies, but I'm the pilot.

I love the way the Earth rotates,  
it really makes my day.

There are unfortunately no lifeguards in the gene pool.

# Chapter VII

## Love

Everyone is looking for unconditional love,  
while carrying a big bag full of conditions.

My future wife is probably fake laughing at her boyfriend's  
lame ass jokes right now.

Be patient Queen, a real clown is on the way.

My wife just stopped and said,  
"you weren't even listening were you?"  
I thought.. "that's a pretty weird way to start a conversation"

I told my girlfriend she drew her eyebrows too high.  
She seemed surprised.

Behind every successful programmer is  
a girlfriend that doesn't exist.

I do whatever the voices in my wife's head  
tell me to do.

Marriage: I love you so much I'm gonna involve  
the government so you can't leave.

when you like a flower, you just pluck it.  
when you love a flower, you water it daily.

Kissing makes a tunnel from anus to anus.

get rid of your enemies by making them your friends.

Just got my girlfriend a "get better soon" card.  
She isn't sick, I just think she can get better.

My wife and I decided not to have kids.  
The kids are taking it pretty hard.

I broke up with my gym, we were just not working out.

I met my soulmate the other day.  
She didn't.

"oh Marie, everyday you look more radiant"  
Pierre Curie

# Chapter VIII

## Money

Sometimes, all you need is a billion dollars.

The internet is full of scams.  
Send me \$99 and I'll tell you all about how to avoid them.

Bill gates and I have a combined net worth  
of more than \$80B.

Never do card tricks for the group you play poker with.

Money can't buy happiness,  
but it sure makes misery easier to live with.

I may be ugly, but at least I got no money.

Need money for education.

Need education for a job.

Need a job for money.

I wonder who was the mastermind behind this genius system.

Luck is what happens when preparation meets opportunity.

If you stacked all the \$1 bills in circulation,  
the stack would quickly become unstable and fall over.

I am closer to being a millionaire than Bill Gates is.

I always wanted to be a sugar daddy,  
turns out I only have the money for being some sort of  
artificial sweetener daddy.

My girlfriend says she will leave me because of my  
"gambling problems".  
She's clearly bluffing.

If you are behind someone at an ATM at night,  
let them know you are not a threat by  
gently kissing their neck.

# Chapter IX

## The universe

You are the result of 3.8 billion years of evolutionary success.  
Act like it.

The nearest star is 4.25 light-years from Earth,  
which is why most wishes take at least 9 years to come true.

we are iterations of a self replicating organic lifeform that became aware of its condition, and gained the ability to act almost entirely outside of its replicating behavioral programming.

Don't say "sky's the limit" when there's footprints on the moon.

If you go flying back through time and you see somebody else flying forward into the future, it's probably best to avoid eye contact.

Why is Miss Universe always from Earth?

You are a window for the universe to marvel at itself.

It was a sad day when I discovered that my universal remote control does not, in truth, control the universe.  
Not even remotely.

In the beginning, the universe was created.  
This has made a lot of people very angry and has been  
widely regarded as a bad move.

# Chapter X

## Technology

Do you remember, before the internet that it was thought that the cause of collective stupidity was the lack of access to information?  
well... it wasn't that.

what orwell failed to predict was that we'd buy the cameras ourselves, and that our biggest fear would be that nobody was watching.

Do you ever get bored on the internet and then grab your phone to see what the other, smaller internet is up to?

I often proudly say that I don't watch TV but forget to mention I spend 10 hours a day in front of a computer.

You realize just how unoriginal you actually are when you're trying to come up with a username that hasn't been taken.

If you step on the gas and the brake at the same time,  
your car takes a screenshot.

Took the batteries out of the carbon monoxide alarm  
because the loud beeping was making me feel sick and dizzy.

The US is moving towards the metric system, inch by inch.

# Chapter XI

## God

God loves you unconditionally.  
But only under certain conditions.

The people who believe that abstinence is the only birth control also believe that a virgin got pregnant

I asked God for a bike, but that's not how religion works.  
So I stole a bike and asked God for forgiveness.

Better have a mind opened by doubt than closed by belief.

My favorite parts of the Bible are when Jesus is alone,  
talking to God (himself),  
and someone who wasn't there is writing about it.

If god created the sun on the 4rth day...  
...how had four days passed?

The gods probably stopped believing in us too.

why would the Romans crucify the only dude capable of  
turning water into wine?

If you don't sin, Jesus died for nothing.

Funny how all religions teach peace,  
but have caused most wars.

Believe those who are seeking the truth,  
but doubt those who find it.

# Chapter XII

## Nonsense

You're not doing it wrong if no one knows what you're doing.

The past tense of William Shakespeare is  
"wouldiwas Shookspeared".

Every time you get dressed, remember that if you die,  
that's going to be your ghost's outfit forever.

In Spanish, the suffix "ito" means little.  
So the word "dorito" means something like "little doro",  
implying the existence of the "doro",  
a bigger and legendary snack.

Dr Dre is not a certified doctor.

The idea that the "ideal beach body" just means being thin or buff is so unimaginative. Surely the ideal beach body would have a powerful lobster claw, arm flaps to act as a windbreak and a sand repellent anus.

You don't really wash your hands... they actually wash each other while you just stand there and watch.

You may be hotter than me, but it means I'm cooler than you.

The Crimea River.

They promptly arrested me.

what if the lottery was invented to catch time travelers?

# Chapter XIII

## women

Scientists have just announced today that dolphins are second to man in intelligence levels.

So that pushes women down to third place.

I saw a homeless man, gave him €1. Saw a homeless woman, gave her €0.77.

If you see a woman crying, ask if it's because of her haircut.

Studies show 8.6cm are enough to satisfy any woman.  
Doesn't even matter if it's a visa or mastercard.

"I'm not like most girls"  
Most girls

If women can do everything men can,  
how come they've never successfully oppressed  
an entire gender?

Success is like being pregnant. Everybody congratulates you,  
but nobody knows how many times you were fucked.

During labor, the pain is so great that a woman can almost  
imagine what a man feels like when he has a fever.

.when an Indian woman agrees to have sex with you,  
the red dot on her forehead turns green.

Happy Mother's day to the ipad that's raising your children.

women won't date a guy that still lives with his mom,  
but will date a guy that still lives with his wife

Every time a woman calls his man "daddy",  
Sigmund Freud's ghost becomes a little stronger.

Call me old fashioned, but I prefer women  
with eyebrows made of hair.

When women are not causing drama,  
they're watching TV shows of other women causing drama

## Truths

That sound when you close a cupboard  
and hear something fall inside...  
that's the sound of someone else's problem.

Give a man a fish and he'll eat for a day.  
Give him a pen, he'll probably draw a penis.

Stay away from negative people,  
they have a problem for every solution.

A wise man once said nothing.

Nothing brings a group of assholes together faster than

But when you listen, you may learn something new.

I hate the word homophobia. It's not a phobia.  
You're not scared. You're an asshole.

English is difficult, but it can be taught through tough,  
thorough thought though.

Life would be a lot more fun if everyone's middle name was motherfuckin'.

No matter how kind you are,

Then you are an asshole.
